

The objective of the course is to provide training for individuals who wish to operate a ride on roller at a competent level. This can be delivered either as an in-house training course or CPCS course.

Duration	Certificate	Number of Participants	Delivery	Assessment
Dependent upon candidate ability and experience	In-house or CPCS	1-4	Classroom and Practical	Theoretical and Practical Tests for CPCS

Who is it for?

All Plant Operators who use ride on roller. This course is suitable for novices, intermediate level or experienced operators who need to refresh their skills or achieve the relevant CPCS Card.

What does it cover?

All aspects of theoretical and practical skills in the operation of a ride on roller:

- Identify the basic construction, purpose and function of components and the purpose and use of controls and gauges.
- Identify and comply with manufacturers' instructions in accordance with the operator's handbook, other information sources and applicable legislation.
- Carry out pre-checks.
- Set the roller for site travel.
- Travel over differing types of terrain, including undulating ground.
- Manoeuvre in confined areas using forward and reverse direction.
- Set the roller for compaction duties.
- Prepare an area prior to compacting, i.e. traffic / personnel management etc.
- Compact different materials to given instructions.
- Compact up to supported and unsupported edges.
- Compact against radius.
- Compact around obstructions.
- Place the roller in an out-of-service condition.
- Recognise compacted and uncompact areas.
- State conditions that may cause instability of the roller.
- State safety procedures when working up to a supported edge.
- Explain safety procedures when working up to unsupported edges.
- Explain safety procedures when compacting on inclines.
- Explain the loading and unloading procedures on and off a transporter.

On completion of this course:

All in-house candidates successfully completing the course in full will be awarded an MGL Group Training Services Certificate. All CPCS candidates after achieving their CPCS Theory and Practical Technical Tests shall receive their CPCS Red Trained Operator Card, valid for 2 years.
